

Pool Committee Report

Tom Chisholm, Chair

Tom is still the only member. He recommends the Pool Committee combine with the soon to form Building Maintenance Committee.

The pool is reported to be in good working order other than repairs to the door closing mechanism are in progress.

Paul graciously gave Tom and Alice a tour of the pool on 8/17. Tom took pictures and combined these with a brief narrative. An appendix summarizes operating costs. Narrative and appendix were given to Paul and Jim Andrews.

The pool committee suggests engaging the other 2 HOAs to solicit their input on the pool and open discussions regarding their financial contribution.
